The IIoT authority

In the late 1990's the automation industry started its journey toward the smart factory, and Industrial Ethernet Book was there right from the beginning.

We covered Industry 4.0, Smart Factory and Industrial Internet of Things concepts, although these terms were not yet invented then. Forward looking plant managers and network administrators turned to Industrial Ethernet Book for an in-depth understanding of how these technologies would impact their work. This is what we continue to do today. We provide the information resources for OT and IT professionals to make the most out of the latest advances in network communication technology.

Industrial Ethernet Book issue 1 (1999) and issue 105 (2018)

History

Very often, Industrial Ethernet Book is the first source where industry professionals learn about new technologies, e.g.

- 1999: The Case for Industrial Ethernet
- 2000: Decentralised controlling
- 2001: Bringing the factory floor to the desktop
- 2002: Data acquisition with web server
- 2003: Running real-time on Ethernet
- 2004: Secure wireless networks for industrial applications
- 2005: Object-oriented route to industrial automation
- 2006: The magic of OPC Unified Architecture
- 2007: Power over Ethernet: the new industrial opportunity
- 2008: Converging IT with industrial networks
- 2009: IPv6 addressing for industrial networks?
- 2010: Internet Protocol for Smart Objects
- 2011: Converged plantwide Ethernet design and implementation
- 2012: Internet of Things industrial network convergence.
- 2013: Automation services from the cloud
- 2014: A pioneering project: Industry 4.0 security
- 2015: Time Sensitive Networking
- 2016: Fog vs. edge computing
- 2017: Low complexity Ethernet
- 2018: Advanced Physical Layer powers Ethernet to the field
- 2019: 5G in industry

Circulation

We distribute the journal internationally to highly qualified subscribers, a targeted circulation profile which we have built up over many years. The subscriber list is updated continuously, and maintained monthly to freshen the readership for each issue.

Industrial Ethernet Book sponsors and attends major International events with an industrial Ethernet/Wireless content, including Embedded World, Hanover Fair, IAS Shanghai, Japan IT Week, Sensors Expo, IoT World and SPS/IPC/Drives.

Inside Front Cover	€ 5,390.00	US\$ 7,240.00
Outside Back Cover	€ 5,390.00	US\$ 7,240.00
Contest sponsor **	€ 5,700.00	US\$ 7,700.00

Frequency discount: 3 ads: 10% 6 ads: 15%

* Fractional page exclusive: Your ad on a full editorial spread with no other ads.

US Dollar rates are offered only as a guideline. Advertisers should reconfirm prices, based on current Euro exchange rate, at time of booking.

Material Specifications

We accept advertisements as PDF file (produced by Adobe Acrobat Distiller with job options set as 'PREPRESS' and compatibility Adobe Acrobat v5.0.) and CMYK TIF file (minimum resolution of 300dpi, 600dpi recommended for best reproduction quality). We do not accept QuarkXpress, Adobe Illustrator, Freehand or InDesign files in native file format.

All materials should be directed to: materials@iebmedia.com. An ftp server is available to upload materials.

General Contract and Rate Policy

All advertising contracts accepted are subject to change in rate upon notice from the publisher. Contracts may be cancelled at the time the change in rate becomes effective. The publisher reserves the right to reject any advertisement.

The publisher is not liable for delays in delivery in the event of Force Majeure, action by any governmental, natural disasters, or any condition beyond the control of the publisher affecting production. Failure by the publisher to insert an ad in any particular issue voids the insertion order for that issue but will not constitute a breach of contract.

Payment terms: Net 30 days. Advertisers will be short-rated if, within a 12-month period, they do not meet their frequency. In the event that an advertiser wishes to cancel any booking it shall notify IEB Media in writing. The compensation fee is 100% of the total value of the cancelled advertisement where notice of cancellation is received by IEB Media after the ad close date of an issue.

Contest Sponsor:

Become the exclusive sponsor of our popular "Private Ethernet" giveaway contest in an issue. Your full page ad faces the contest page and your company logo appears as contest sponsor and also on the registration page on the website.

A great branding opportunity and also a lead generation program, as you receive the contact details of the participants.

Online Advertising

Industrial Ethernet Book Website

Industrial Ethernet Book Online is located at www.iebmedia.com/ethernet. The website receives over 80,000 visitors every month generating over 260,000 page views. As well as news, technical articles and events, it provides a searchable archive of articles published in the Industrial Ethernet book. These, together with the searchable Online Directory of Industrial Ethernet Products and their Sources, make the site a unique resource and repository for industrial network information.

The popularity of the site makes it a great place to promote your products/services. Please see below for details of banner positions and costs.

Home Page

[A] Leaderboard per month:	€ 1,160.-	US\$ 1,584.-
[B] Content banner per month:	€ 1,040.-	US\$ 1,420.-
[C] Right side Button per month:	€ 850.-	US\$ 1,160.-

Run of Site (Products, News, Events, Articles, Resources)

[A] Leaderboard per month:	€ 465.-	US\$ 632.-
[B] Content banner per month:	€ 400.-	US\$ 542.-
[C] Right side Button per month:	€ 310.-	US\$ 420.-

Banner Ad Specifications

Banners can be stationary or have animation up to five loops. GIF or JPEG files are accepted. SWF (Flash) files are not recommended due to limited visibility caused by firewalls.

Leaderboard: 600 x 100 pixel, max 30kB

Content banner: 486 x 60 pixel, max 30kB

Button: 120 x 150 pixel, max 15kB

Newsletter ad: 486 x 60 pixel, max. 30kB

Newsletter Featured Content: max 6 words headline, 50 words text and link URL

Frequency discounts: 3x – 5%, 6x – 10%, 12x – 15%

US Dollar rates are offered only as a guideline. Advertisers should reconfirm prices, based on current Euro exchange rate, at time of booking.

Newsletter

[1] Top per issue	€ 930.-	US\$ 1,260.-
[2] Middle per issue	€ 700.-	US\$ 945.-
[3] Featured Content	€ 630.-	US\$ 846.-
Bottom per issue	€ 460.-	US\$ 610.-

Mailing dates

	Deadline
2nd Tuesday each month	5 days prior
4th Tuesday each month	5 days prior

Email Newsletters

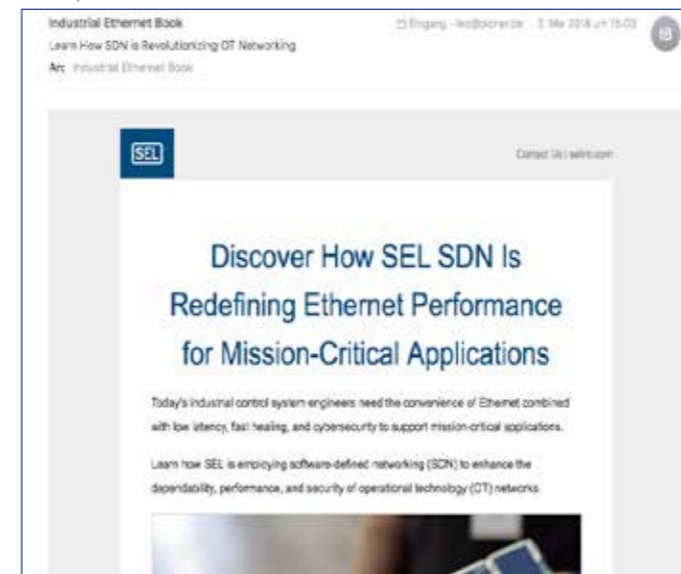

The Industrial Ethernet Book email newsletter mails twice a month, on the 2nd and 4th Tuesday, and goes to over 13,000 registered subscribers around the world.

Email list rental

Your email message sent from our mail server, only to readers who have opted-in to receive 3rd-party emails. Demographic selection by country, job function and industry is available.

Price per 1,000 selection	€ 550.-	US\$ 750.-
Set-up fee	€ 250.-	US\$ 345.-

Native Advertising

St.O.R.M.(Strategic Online Response Marketing) is an in-feed ad unit according to the Interactive Advertising Bureau standards. The content is created in partnership with our editorial team, and is formatted for maximum impact in the different communication channels.

St.O.R.M. harnesses the power of Industrial Ethernet Book's presence on social networks to promote your solution or events at exactly the right time. Reach thousands of engaged readers that have built a relationship with Industrial Ethernet Book over many years. Readers who not just see your story, but actively share and promote the content.

St.O.R.M. is ideal for targeted, precisely timed campaigns like product launches, trade show invitations, white paper downloads, customer surveys, competitions and give aways, seminars and roadshows, presentation of new videos and more.

Where your content is seen

For two weeks your story is the exclusive 'Sponsored Content' on:

- Website news page
- Email newsletter
- IEBMedia on Twitter
- IndustrialNetworks on Facebook
- Industrial Ethernet Book RSS feed

No artwork necessary

You save on creative as you don't have to produce expensive artwork. Simply send us text, photos, videos, presentations or other material. Our team will edit the material to best fit the different delivery platforms. This create a strong message in the style that IEB readers appreciate.

Price per 2 week campaign	€ 1,000.-	US\$ 1,420.-

Delivery Options

For well over a decade we've heard that "print is dead". Rather than trusting self-proclaimed experts, we simply listen to our readers. Our subscribers* have the free choice between print magazine and a digital edition for desktop, tablet and smart phone. The numbers speak for themselves: About 60% of our readers prefer the print edition, and this ratio has not changed much over the last years.

* Print edition not available in certain regions of Africa and Asia.

Online Community

Beyond the magazine, thousands of readers use social media platforms to interact with us and stay up to date on industrial IoT news and technology. Industrial Ethernet Book has a strong presence on Twitter, and YouTube, and +10,000 followers on Facebook.

Editorial Contributions

Each issue includes industry news from around the world, plus the latest products, applications, market insights and technical articles. We constantly seek high quality feature-length articles of up to 3000 words from industry experts. Articles intended for publication should be written in a style that offers explanation, comparison and discussion in largely generic terms. We are unable to include straight product marketing information within journal editorial features. We welcome suggestions and proposals for technical articles. Please send a 50 to 100 word synopsis to the editor for review. We reserve the right to edit submitted material.
